

PRO-SAIL TEAM BUILDING

Fair Do's!! VII

Fair Do's VII Charters see corporate team building as a vital element for your company, especially over the coming years, where a unified and motivated team will be needed in order to ensure success in these financially testing times.

In response to these market conditions, Fair Do's Charters has developed the pro-sail teambuilding day, where we share with our guests some of the techniques we use in order to increase our chances of winning on the day. The pro-sail team building activity take place on our yacht, Fair Do's VII, which is licensed to take 10-12 fee paying guests each day, along with a core crew of professionals who will steer you through the day.

The yachts come with professional skipper and racing crew who will endeavour to teach the basics of sailing whilst working as a team including:

Navigation | Sail trimming | Boat handling skills | Communicate together whilst also providing team building tasks.

Our clients tell us that the teamwork and camaraderie generated though this activity day directly carry over to the workplace with higher productivity and greater enthusiasm on the part of their employees.

Pro-sail Team Building Day

09:30	Guests arrive at fair Do's VII. Welcome on board from the skipper. Tea, coffee, orange juice.
09:45	Briefing on the day's programme, yacht familiarisation and safety procedures. The issuing of safety equipment and waterproof clothing if the weather dictates.
